

GAS GIANT THUNDER KETTLE 60 OZ

GAS GIANT – PEDESTAL-STYLE KETTLE

ANOTHER INDUSTRY FIRST FROM CRETORS

This high performance GT kettle has a unique infrared burner that is energy efficient, environmentally friendly and offers faster kettle heating cycles.

IMPROVEMENTS

- BTUs are reduced up to 30% from standard burner
- Fuel usage is reduced up to 30% from standard burner
- Electronic ignition automatically lights when temperature control calls for heat
- No standing pilot light to blow out and use fuel
- Improved popping cycle
- Infrared flame is stronger and protected making it more wind resistant
- Wear-and-tear on parts reduced
- Better access to electrical parts (cabinet)
- Patent Pending design

Gas Giant Thunder Kettle 60 OZ

- Propane or natural gas
- Electric direct drive motor
- Requires small amount of electrical power (contact your Cretors representative for further details)
- Lighted rocker switches
- Easy-to-read controls
- Exhaust vent located on back of kettle
- Digital temperature control ensures accurate temperature settings and readings
- A safety off switch automatically turns off burner flame when the kettle is lifted for dumping. The flame automatically relights when the kettle is placed back into the cooking position
